

#### **HARRAN UNIVERSITY VETERINARY FACULTY JOURNAL PUBLICATION RULES \***

- 1-** Journal of Harran University Veterinary Faculty is a refereed journal that publishes original clinical and experimental research in English, covering human and animal health, especially in the field of Veterinary Science, case reports, reviews (at least 3 on the subject of compilation of the invited or responsible author) the research paper must be on the reference list), short scientific articles and letters to the editor. Publishing articles in English is given priority in the journal. The journal is published electronically every 6 months and 2 issues a year. There are no fees for published articles.
- 2-** Publications accepted to the journal should not have been published elsewhere. It should not have been submitted to other journals for review simultaneously. All legal and criminal liability arising from the published articles belong to the authors. Authors are not paid the right to publish. Submitted articles and their attachments are not returned, whether the article is published or not.
- 3-** The works that have been previously communicated in congresses and published with a summary are accepted to be stated on the cover page. However, if the publication is produced from the thesis and there is a supporting organization, it should be stated in the publication.
- 4-** The article that reaches the Journal Editor is subjected to preliminary evaluation by the journal editor. Editing has the right to reject the article according to the preliminary evaluation result or to request correction before subsection to the reviewer.
- 5-** Articles are sent to at least two referees for evaluation. In the article acceptance process, if the opinions of the two referees differ, the editor decides by taking the opinion of a third referee or advisory board.
- 6-** TÜBİTAK ULAKBİM respect for ethical principles, which opened to the use of all universities in Turkey "iThenticate" sent through plagiarism detection program, the whole article, must be made of the case report and review of the preliminary assessment and the delivery of results. According to these preliminary evaluation results, the similarity rate of articles, case reports or reviews with other references should not exceed 15% (excluding abstract, abstract and references). Articles, case reports or reviews sent to our journal for publication will not be evaluated if the similarity rate exceeds 15% in the evaluation made through the "iThenticate" program.
- 7-** At least 20% of references to any submitted article (for all article categories) must include references published in the last five years. Anonymous references should be kept to a minimum.
- 8-** If the article is accepted for publication, the Copyright Transfer Agreement, which includes the declaration that any right of publication has been transferred, must be signed by all authors and sent to the journal editor before printing. Articles without Copyright Transfer Agreement are not published even if they are accepted to publish.
- 9-** An article, case report, review etc. to be sent to Harran University Veterinary Faculty Journal. When the works are sent to <https://dergipark.org.tr/tr/pub/huvfd>, they are taken into the evaluation process.
- 10-** An article, case report, review etc. to be sent to Harran University Veterinary Faculty Journal. Works must be saved in MS Word format, all photographs (pictures) at least 300 dpi resolution, in TIFF or JPEG format.

## **WRITING RULES**

Manuscripts should be prepared in MS Word format, Times New Roman font, with 12 font size, double line spacing and 2.5 cm space on each side. Line numbers (continually starting from page 2 of the article) should be added to the article. Articles of this type should not exceed 15 pages in original scientific research and reviews, including figures and tables, and 5 pages in short scientific articles and case reports.

International Standard Units (SI-system) should be used for units and dimensions.

Research Articles: Original research articles should be arranged in the order of the following main topics: Title, Author names (must be marked with the responsible author (\*)), Author addresses, Author ORCID numbers, Abstract and Keywords (3 - 6 words), English title, Abstract and Introduction to Keywords, Material and Method, Results, Discussion and Conclusion, Thanks or Information and References. Each Table and Figure should be on separate pages.

## **STYLE AND FORMAT**

Abstract: It should be prepared not to exceed 250 words in original research articles and 200 words in other types of articles.

Keywords: It should be given in alphabetical order below the summary in both languages, maximum 6. Keywords should be selected from Turkey Science Terms. Turkey Science Terms in the selection of keywords from the internet address (<http://www.bilimterimleri.com>) should be utilized.

Introduction: In order for the results to be understood and interpreted, information about the studies done on that subject should be included. In the introduction, the hypothesis of the study should be specified. The purpose of the study should be clearly written at the end of this section.

Material and Method: Experimental studies should be given in this section with sufficient detail that can be repeated by other researchers. When using a technique described in an article published in international indexed journals, it is necessary to describe the method very briefly and to cite the relevant original article. In the article, it should be stated in this section whether the ethical committee permission and / or legal / special permission should be obtained. In original research articles using animals as materials (clinical, experimental, field studies, etc.); ethics committee approval must have been obtained. Explanatory information including the name, number and date of the ethics committee's ethics committee approval / permit document should be written in the material and method section. The editorial board has the right to request the ethics committee approval document.

Results: Research findings should be given clearly and understandably. Findings should be supported with tables and figures when necessary and presented briefly.

Discussion and Conclusion: Findings should be discussed in the light of the literature before going into unnecessary detail and the importance of the findings should be emphasized. It should be finished with a conclusion or suggestion sentence.

Acknowledgment: Personal contribution and monetary support to the study or article should be stated here.

**Compilation:** These are articles that contain innovations on the subjects of the journal's publications and are prepared by using current references. If the authors have at least 3 works directly related to the subject and they can be accepted for publication. When submitting his review, the responsible author should send the imprint information of the articles related to the subject to the editor of the journal (article tags must be presented on the last page of the article text). Reviews compiled and published in Harran University Veterinary Faculty Journal are invited reviews. In the compilation; Summary, Introduction, Conclusion and References sections should be available.

**Case Report:** These are the works that contain information of scientific value that the authors discuss the new or rare cases that they encounter. Maximum 15 references should be used and care should be taken to keep these references up to date. Case reports; It should consist of Summary, Introduction, Case description, Discussion and Conclusion and References sections.

**Short Scientific Article:** In short scientific articles, it should be handled narrowly and new information and findings should be presented. It should be prepared in the form of a research paper and should not exceed 5 pages. Must contain no more than 2 tables or figures.

#### References:

While citing in the text;

1. The publication year of the reference should be specified in parentheses after the surname of the author or authors; By Adams (1998); By Wilkie and Whittaker (1997); Doyle et al. (2007) by....

2. When cited at the end of the sentence, the name of the author and the year of publication must be indicated in parentheses; ... have been reported (Adams, 1998); .... has been reported (Wilkie and Whittaker, 1997); ..... has been reported (Doyle et al., 2007).

3. In case of reference to more than one reference, first alphabetical and chronological order should be done;

.... reported (Adams, 1998; Adams, 2008; Doyle et al., 2007; Wilkie & Whittaker, 2006).

4. If the same author has publications in the same year, each should be marked in lowercase letters, starting with the letter "a";

.... (Adams, 2005a; Adams, 2005b;...).

The list of references should be prepared as follows:

1. Reference list should be listed alphabetically by author surname.

2. The names of the journals in the references should be shortened according to the ISI web of Science and should be written in italics.

3. Type of references should be as follows.

Journal article; Sullivan JC, Sasser JM, Pollock JS, 2007: Sexual dimorphism in oxidant status in spontaneously hypertensive rats. *Am J Physiol Integr Comp Physiol*, 292 (1), 64-68.
